UNIVERSITY**

CHARLES GODDARD

Software Engineer Manager at Apple

“As an Engineering Manager at Apple, I lead a team of talented software engineers and web designers who develop scalable and innovative applications for various online services. I have over 18 years of experience in software development, using standards and best practices to deliver loosely coupled and highly interactive solutions.”

DEANNA WILBORNE

Assistant Professor of Computer Science |
Berea College

“The academic experience of PhD coursework at Nova Southeastern University and my Computer Science professors have profoundly impacted my career direction. I moved out of industry and into academia where I now work to inspire our collective future - our students.”
